

Clunes Manual/Electric Assembly Instructions

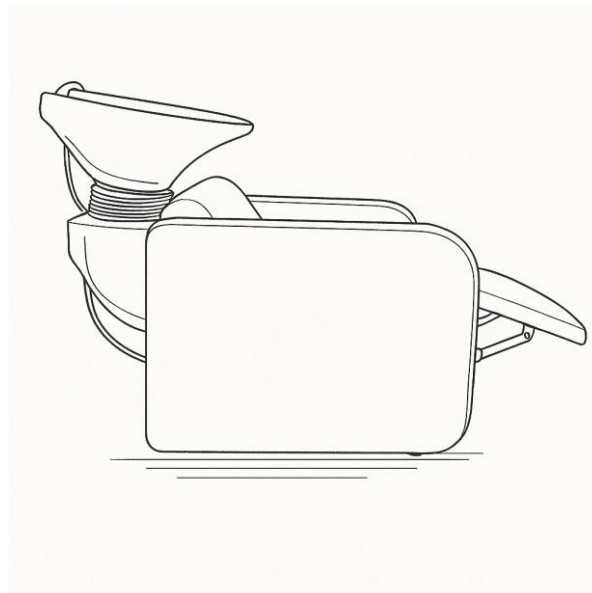

Step 1: Remove the chair from the carton. It will look like this when you take out of the carton:

Step 2: Remove the pedestal from within chair (pedestal circled in image on the left), by unscrewing the screws holding pedestal in place.

Step 3: Take the pedestal out and screw onto the back of the chair on the outside. It should look the image below. (There are separate screws to secure the pedestal in a bag inside the carton)

Note: Electric Basin Unit comes with a chrome pedestal and manual basin unit comes with black pedestal

Step 4: With the help of a certified plumber, install the plumbing and basin, they should not require further information.

Step 3: Place back cushion into place and the chair is complete.
